## PROJECTS

---

**Iot Based Patient Health Monitoring System Using Esp8266:** Developed and deployed an IoT-based patient health monitoring system utilizing the ESP8266 microcontroller. This system enables real-time tracking of patient health metrics, ensuring seamless data transmission and remote access for healthcare professionals.

**Fractional Order PID Based Five-Step Li-Ion Battery Charger in Plug-In Hybrid Electric Vehicle:** Engineered a Five-Step Li-Ion Battery Charger with a Fractional Order PID Controller for Plug-in Hybrid Electric Vehicles (PHEVs). This design enhances charging efficiency and extends battery lifespan by leveraging sophisticated control algorithms.

**PG Life – Web Application:** Developed a user-friendly, responsive web application to search and book PG accommodations in major cities. The platform features city-based search, detailed property listings with images and amenities, and secure user authentication through signup and login functionalities. Created a responsive front-end using HTML, CSS, Bootstrap, and JavaScript, reactJS. Backend through php, MySQL.

## EXPERIENCE

---

### Hewlett Packard Enterprise Software Engineering Job Simulation on Forage

*January 2025*

- Wrote a proposal for a RESTful web service to manage a list of employees.
- Built a web server application in Java Spring Boot that can accept and respond to HTTP requests as well as support uploading JSON data.
- Developed and ran a set of unit tests to assess my Java Spring Boot application's performance.

### Accenture North America Coding: Development & Advanced Engineering Job Simulation Forage

*December 2024*

- Completed a job simulation where I supported a client with a small development team overwhelmed by the growth of their code base.
- Wrote a class to perform search on an interactive website in Java using the Spring Boot framework.
- Set up automated builds using Jenkins to validate code changes on every push.
- Managed the team's workload by preparing for a sprint and writing user stories in an Agile planning session.
